IGS released a six-minute video, entitled: **The Voices of Tomorrow**, that showcases what the Institute of Governmental Studies does and who we are. Learn about IGS as a place that combines the practical work of politics with the theoretical dynamism that will shape tomorrow's generation of national and state leaders. To view this short video visit: <http://igs.berkeley.edu/friends/video.html>

Why I Give

“I’ve seen IGS work from both ends of the spectrum. As a student, I saw the programs in place, I utilized the tools. And now being a lobbyist, I get to see IGS in action.”
